

src/main/java/evolutionary  
\_algorithms/complement/Distribution.java

```
graph TD; A["src/main/java/evolutionary  
_algorithms/complement/Distribution.java"] --> B["java.util.List"]; A --> C["problem.definition.State"];
```

The diagram illustrates the imports used in the file `src/main/java/evolutionary_algorithms/complement/Distribution.java`. Two blue arrows point from the file name box to two separate boxes below it, representing the imported classes: `java.util.List` and `problem.definition.State`.

java.util.List

problem.definition.State
